Dear Sir

CLARIFICATION OF THE OWNERSHIP STATUS OF CARPENTER AND PATERSON LTD

Following a recent announcement concerning the acquisition of a U.S. based pipe supports manufacturer, we wish to reassure our customers that there has been **NO CHANGE** in the ownership status of **CARPENTER & PATERSON LTD**

Carpenter & Paterson Limited is a wholly independent British company that has been established in the UK since 1956.

We have developed our range of engineered pipe supports in the UK for the worldwide market, and are today a recognised market leader in that field. We are not part of a group and have no connection to the American company of the same name.

For any further clarification in this matter please contact our Head Office.

We take this opportunity to thank you for your continued support and to assure you of our highest attention to your requirements for our services as they arise in the future.

Yours faithfully
For Carpenter & Paterson Ltd
